

Good afternoon - we hope you are keeping well. This is the August 2020 monthly job market report and candidate update for accountants from Ten Percent Financial.

Job Market Report - August 2020

CIPS UK Services Sector Report (we are members of the panel contributing to this report)

Headlines: New work returns to growth in July amid reopening boost and business optimism improves for the fourth month in a row.

UK service providers reported a strong increase in business activity during July, with the rate of growth the sharpest recorded for five years. New orders also rebounded during the latest survey period, reflecting an improvement in corporate and household spending. Growth was mainly linked to the phased reopening of business operations across the UK economy.

Employment was a weak point in July, with staffing numbers falling at a steep and accelerated pace amid concerns of only a partial recovery in longer-term demand from the levels seen prior to the coronavirus disease 2019 (COVID-19) pandemic. Around 38% of the survey panel reported an increase in business activity during July, while only 24% signalled a decline. However, survey respondents often noted that output had simply risen from an extremely low base and would take a long time to recover to pre-pandemic levels.

Accountancy Recruitment Update

We are starting to see an increase in the number of vacancies and assignments being registered with us. Our new Freelance Accountants platform <https://www.tenpercentfinancial.co.uk/freelance-accountants/> has seen a number of requests for assistance and we have had permanent vacancies registered - mainly in London and the Home Counties. Still very quiet. We have plenty of available contract and permanent financial controllers, payroll managers and administrators for a range of sectors if any of your clients are on the lookout - drop us a note across to view our current candidates.
